CONTENTS

Study Session 1

2024 IRC Chapters 1 and 44—Administration and Referenced Standards . . .	1
Quiz	19

Study Session 2

2024 IRC Sections R301 and R302—Building Planning I	27
Quiz	49

Study Session 3

2024 IRC Sections R303 through R310—Building Planning II	59
Quiz	77

Study Session 4

2024 IRC Sections R311 through R323—Building Planning III	85
Quiz	107

Study Session 5

2024 IRC Chapter 4—Foundations	115
Quiz	133

Study Session 6

2024 IRC Chapter 5—Floors	141
Quiz	160

Study Session 7

2024 IRC Chapters 6 and 7—Wall Construction and Wall Covering	169
Quiz	187

Study Session 8

2024 IRC Chapters 8 and 9—	
Roof/Ceiling Construction and Roof Assemblies	197
Quiz	216

Study Session 9

2024 IRC Chapters 10 and 11—	
Chimneys/Fireplaces and Energy Efficiency	225
Quiz	244

Study Session 10

2024 IRC Chapters 13 and 14—	
General Mechanical System Requirements and	
Heating/Cooling Equipment	251
Quiz	266

Study Session 11

2024 IRC Chapters 15, 16 and 19—

Exhaust Systems, Duct Systems and Special Fuel-Burning Equipment . . . 275

Quiz. 290

Study Session 12

2024 IRC Chapters 17, 18, 20, 21, 22 and 23—

Combustion Air, Chimneys and Vents, Boilers/Water Heaters,
Hydronic Piping, Storage Systems, and Solar Systems 299

Quiz. 313

Study Session 13

2024 IRC Chapter 24—Fuel Gas. 321

Quiz. 340

Study Session 14

2024 IRC Chapters 25, 26 and 27—

General Plumbing Requirements and Plumbing Fixtures 349

Quiz. 366

Study Session 15

2024 IRC Chapters 28, 29 and 30—

Water Heaters, Water Supply and Distribution, and Sanitary Drainage . . . 375

Quiz. 393

Study Session 16

2024 IRC Chapters 31, 32 and 33—Vents, Traps and Storm Drainage 401

Quiz. 418

Study Session 17

2024 IRC Chapters 34, 35, 36 and 37—

General Electrical Requirements, Definitions, Services, and
Branch Circuits and Feeder Requirements 427

Quiz. 443

Study Session 18

2024 IRC Chapters 38, 39, 40, 41 and 42—

Lighting Distribution, Devices and Lighting Fixtures,
Appliance Installation and Swimming Pools 451

Quiz. 468

Answer Keys. 477

INTRODUCTION

This study companion provides practical learning assignments for independent study of the provisions of the 2024 *International Residential Code*® (IRC®). The independent study format affords a method for the student to complete the program in an unregulated time period. Progressing through the workbook, the learner can measure their level of knowledge by using the exercises and quizzes provided for each study session.

The workbook is also valuable for instructor-led programs. In jurisdictional training sessions, community college classes, vocational training programs and other structured educational offerings, the study guide and the IRC can be the basis for classroom instruction.

All study sessions begin with a general learning objective specific to the session, the specific code sections or chapter under consideration and a list of questions summarizing the key points of study. Each session addresses selected topics from the IRC and includes code text, a commentary on the code provisions, illustrations representing the provisions under discussion and multiple choice questions that can be used to evaluate the student's knowledge. Before beginning the quizzes, the student should thoroughly review the IRC, focusing on the key points identified at the beginning of each study session.

The workbook is structured so that after every question the student has an opportunity to record his or her response and the corresponding code reference. The correct answers are found in the back of the workbook in the answer key.

This study companion was developed by Douglas W. Thornburg, AIA, C.B.O., Vice-President and Technical Director, Products and Services for the International Code Council. Doug has more than 44 years of experience in the application and enforcement of building codes.

The information presented in this publication is believed to be accurate; however, it is provided for informational purposes only and is intended for use only as a guide. As there is a limited discussion of selected code provisions and the code text has occasionally been edited for brevity, the IRC itself should always be referenced for more complete information. In addition, the commentary set forth may not necessarily represent the views of any enforcing agency, as such agencies have the sole authority to render interpretations of the IRC.

Questions or comments concerning this workbook are encouraged. Please direct your comments to ICC at studycompanion@iccsafe.org.

About the International Code Council

The International Code Council is a nonprofit association that provides a wide range of building safety solutions including product evaluation, accreditation, certification, codification and training. It develops model codes and standards used worldwide to construct safe, sustainable, affordable and resilient structures. ICC Evaluation Service (ICC-ES) is the industry leader in performing technical evaluations for code compliance, fostering safe and sustainable design and construction.
