PREFACE

Introduction

The Virginia Uniform Statewide Building Code (USBC) is a state regulation promulgated by the Virginia Board of Housing and Community Development, a Governor-appointed board, for the purpose of establishing minimum regulations to govern the construction and maintenance of buildings and structures.

The provisions of the USBC are based on nationally recognized model building and fire codes published by the International Code Council, Inc. The model codes are made part of the USBC through a regulatory process known as incorporation by reference. The USBC also contains administrative provisions governing the use of the model codes and establishing requirements for the enforcement of the code by the local building departments and other code enforcement agencies.

In keeping with the designations of the USBC used previously, since the 2021 editions of the International Codes are incorporated by reference into this version of the USBC, it is known as the 2021 edition of the USBC.

Arrangement

The USBC is part of the Virginia Administrative Code (VAC), the official compilation of state regulations published under the authority and guidance of the Virginia Code Commission. Due to the difference in the section numbering system between the VAC and the model codes incorporated by reference into the USBC, the USBC utilizes a dual section numbering system. In the USBC, the VAC section numbers are listed first, followed by a section number matching the model code system. In this printing of the USBC, the VAC section numbers are omitted and only the model code numbering system is utilized. The version of the USBC containing both the VAC section numbers and the model code numbering can be accessed through Virginia's Legislative Information System (LIS) here: https://law.lis.virginia.gov/admincode/title13/agency5/.

Overview

The USBC is divided into three stand-alone parts. Part I contains regulations specific to the construction of new buildings and structures and is known as the Virginia Construction Code. Part II contains regulations specific to the rehabilitation of existing buildings, including repair, alterations, additions and change of occupancy in existing buildings and structures, and is known as the Virginia Existing Building Code. Part III of the USBC contains the regulations for the maintenance of existing structures which is enforced at the option of the local governments. It is known as the Virginia Maintenance Code.

Code Purchased from ICC

The 2021 edition of the USBC is being made available in pamphlet form as in past editions of the USBC. In addition to the pamphlet form of the USBC published by DHCD, the International Code Council (ICC) publishes versions of the Virginia Construction Code, Virginia Existing Building Code, Virginia Maintenance Code and a series of Virginia specific trade codes.
Marginal Markings

In the ICC published versions, marginal markings are provided to distinguish between text which is part of the International Codes and text which is part of the state regulations. Double vertical lines in the margins within the body of the codes indicate state amendments to the International Codes. As in the standard printings of the International Codes, a single vertical line in the margins within the body of the code indicates a technical change from the previous edition of the International Codes.

Deletions from the previous editions of the International Codes are indicated in the form of an arrow (●) in the margin where an entire section, paragraph, exception or table has been deleted or an item in a list of items or a table has been deleted. Deletions to the Virginia Code are indicated with an open caret (>) in the margin.

Technical Assistance

The local building departments and enforcing agencies may be contacted for further information concerning the USBC. Contact information for the State Building Codes Office is below.

DHCD, Division of Building and Fire Regulation

PREVIOUS ADOPTIONS and AMENDMENTS of the USBC and SFPC

The *Virginia Uniform Statewide Building Code* (USBC) was first adopted in 1973 by the State Board of Housing. Responsibility for the USBC passed to the State Board of Housing and Community Development on July 1, 1978. The *Virginia Statewide Fire Prevention Code* was first adopted by the Board of Housing and Community Development on March 1, 1988. The initial adoption and subsequent amendments by these Boards are indicated below:

1973 Edition
Effective date: September 1, 1973
Title: Virginia Uniform Statewide Building Code, Administrative Amendments, 1973 Edition
Major reference standards:
- BOCA Basic Mechanical Code/1971
- CABO One- and Two-Family Dwelling Code/1971
- NFPA National Electrical Code/1971

1974 Accumulative Supplement
Effective date: April 1, 1974
Title: 1974 Accumulative Supplement to Virginia Uniform Statewide Building Code
Major reference standards:
- BOCA Basic Mechanical Code/1971
- NFPA National Electrical Code/1971

1975 Accumulative Supplement
Effective date: February 7, 1976
Title: 1975 Accumulative Supplement to Virginia Uniform Statewide Building Code
Major reference standards:
- BOCA Basic Building Code/1975
- BOCA Basic Mechanical Code/1975
- BOCA Basic Plumbing Code/1975
- CABO One- and Two-Family Dwelling Code/1975
- NFPA National Electrical Code/1975

1978 Accumulative Supplement (First Amendment)
Effective date: January 1, 1981
NOTE: The 1978 Accumulative Supplement to the Virginia Uniform Statewide Building Code was continued, but with a few changes to the previously referenced BOCA Basic Building Code/1978.

1978 Accumulative Supplement
Effective date: August 1, 1978
Title: 1978 Accumulative Supplement to Virginia Uniform Statewide Building Code
Major reference standards:
- BOCA Basic Building Code/1978
- BOCA Basic Mechanical Code/1978
- BOCA Basic Plumbing Code/1978
- CABO One- and Two-Family Dwelling Code/1975
- NFPA National Electrical Code/1978

1981 Edition
Effective date: July 16, 1982
Title: Virginia Uniform Statewide Building Code, 1981 Edition
Major reference standards:
- BOCA Basic Building Code/1981
- BOCA Basic Mechanical Code/1981
- BOCA Basic Plumbing Code/1981
- CABO One- and Two-Family Dwelling Code/1979 with 1980 Amendments
- NFPA National Electrical Code/1981

1981 Edition (First Amendment)
Effective date: June 20, 1984
Title: Sections 515.4 and 515.5 of Article 5 of the 1981 Edition, Virginia Uniform Statewide Building Code

1984 Edition
Effective date: April 1, 1986
Title: Virginia Uniform Statewide Building Code, Volume I—New Construction Code, 1984 Edition
Major reference standards:
- BOCA Basic Building Code/1984
- BOCA Basic Mechanical Code/1984
- BOCA Basic Plumbing Code/1984
- CABO One- and Two-Family Dwelling Code/1983 with 1984 Amendments
- NFPA National Electrical Code/1984

1987 Edition
Effective date: March 1, 1988
Major reference standards:
- BOCA Basic Building Code/1987
- BOCA Basic Mechanical Code/1987
- BOCA Basic Plumbing Code/1987
- CABO One- and Two-Family Dwelling Code/1986 with 1987 Amendments
- NFPA National Electrical Code/1987
Title: Virginia Statewide Fire Prevention Code, 1987 Edition
Major reference standard:
2003 Edition
Effective date: November 16, 2005
Title: Virginia Uniform Statewide Building Code
(2003 Edition)
Major referenced standards:
International Code Council (ICC)

# TABLE OF CONTENTS

## CHAPTER 1 ADMINISTRATION .......................... 1-1
### Section
101 General ............................................. 1-1
102 Purpose and Scope ................................. 1-2
103 Application of Code ................................. 1-3
104 Enforcement, Generally ......................... 1-5
105 Local Building Department ....................... 1-6
106 Powers and Duties of the Building Official ..... 1-7
107 Fees ................................................ 1-7
108 Application for Permit ............................. 1-7
109 Construction Documents .......................... 1-10
110 Permits ............................................ 1-10
111 Registered Design Professional Services ....... 1-12
112 Workmanship, Materials and Equipment ........ 1-12
113 Inspections ....................................... 1-15
114 Stop Work Orders ................................. 1-16
115 Violations ......................................... 1-16
116 Certificates of Occupancy ....................... 1-17
117 Temporary and Moved Buildings and Structures; Demolition .................. 1-18
118 Buildings or Structures That Become a Threat to Public Safety During Construction .................. 1-18
119 Appeals ........................................... 1-19

## CHAPTER 2 DEFINITIONS ............................ 2-1
### Section
201 General ............................................. 2-1
202 General Definitions ............................... 2-1

## CHAPTER 3 GENERAL REGULATIONS .......... 3-1
### Section
301 General ............................................. 3-1
302 Protection of Structure .......................... 3-2
303 Equipment and Appliance Location ............ 3-3
304 Installation ....................................... 3-3
305 Piping Support ................................... 3-5
306 Access and Service Space ....................... 3-5
307 Condensate Disposal ............................. 3-7
308 Clearance Reduction ............................. 3-8
309 Temperature Control ............................ 3-10
310 Explosion Control ............................... 3-10
311 Smoke and Heat Vents ........................... 3-10
312 Heating and Cooling Load Calculations .......... 3-10

## CHAPTER 4 VENTILATION ......................... 4-1
### Section
401 General ............................................. 4-1
402 Natural Ventilation ............................... 4-1
403 Mechanical Ventilation ......................... 4-2
404 Enclosed Parking Garages ....................... 4-8
405 Systems Control .................................. 4-8
406 Ventilation of Uninhabited Spaces ............. 4-8
407 Ambulatory Care Facilities and Group I-2 Occupancies .......................... 4-9

## CHAPTER 5 EXHAUST SYSTEMS ............... 5-1
### Section
501 General ............................................. 5-1
502 Required Systems ................................ 5-2
503 Motors and Fans ................................ 5-9
504 Clothes Dryer Exhaust ........................... 5-9
505 Domestic Cooking Exhaust Equipment ........ 5-11
506 Commercial Kitchen Hood Ventilation System Ducts and Exhaust Equipment .................. 5-12
507 Commercial Kitchen Hoods ....................... 5-17
508 Commercial Kitchen Makeup Air ............... 5-20
509 Fire Suppression Systems ....................... 5-21
510 Hazardous Exhaust Systems ..................... 5-21
511 Dust, Stock and Refuse Conveying Systems .... 5-23
512 Subslab Soil Exhaust Systems ................... 5-24
513 Smoke Control Systems .......................... 5-24
514 Energy Recovery Ventilation Systems ........ 5-29

## CHAPTER 6 DUCT SYSTEMS ....................... 6-1
### Section
601 General ............................................. 6-1
602 Plenums .......................................... 6-2
603 Duct Construction and Installation .......... 6-4
604 Insulation ........................................ 6-6
605 Air Filters ........................................ 6-7
606 Smoke Detection Systems Control ............ 6-7
607 Duct and Transfer Openings ..................... 6-8
608 Balancing ......................................... 6-14
## TABLE OF CONTENTS

### 1210 Plastic Pipe Ground-Source Heat Pump
- Loop Systems ........................................ 12-5

### CHAPTER 13 FUEL OIL PIPING AND STORAGE ............. 13-1

#### Section
- 1301 General ........................................ 13-1
- 1302 Material ........................................ 13-1
- 1303 Joints and Connections ....................... 13-1
- 1304 Piping Support ................................ 13-2
- 1305 Fuel Oil System Installation ................. 13-2
- 1306 Oil Gauging .................................... 13-3
- 1307 Fuel Oil Valves ................................. 13-3
- 1308 Testing ......................................... 13-3

### CHAPTER 14 SOLAR THERMAL SYSTEMS .... 14-1

#### Section
- 1401 General ........................................ 14-1
- 1402 Design and Installation ...................... 14-1
- 1403 Heat Transfer Fluids ......................... 14-3
- 1404 Labeling ....................................... 14-3

### CHAPTER 15 REFERENCED STANDARDS .... 15-1

### APPENDIX A CHIMNEY CONNECTOR PASS-THROUGHS .... APPENDIX A-1

### APPENDIX B RECOMMENDED PERMIT FEE SCHEDULE .... APPENDIX B-1

### APPENDIX C BOARD OF APPEALS ........ APPENDIX C-1

### INDEX ........................................ INDEX-1
