ABOUT THE 2024 MINNESOTA COMMERCIAL ENERGY CODE

The 2024 *Minnesota Commercial Energy Code* is updated to include ANSI/ASHRAE/IES Standard 90.1-2019 *Energy Standard for Buildings Except Low-Rise Residential Buildings*. This document is amended for use in Minnesota and the code book includes standard language that is modified by Minnesota amendment.

Important Disclaimer

Note: Minnesota Rules included in this document have been extracted from Minnesota Rules 2020 and from Minnesota Rules proposed for adoption in 2022. Although efforts have been made to ensure the accuracy of the Minnesota Rules included herein, the official Minnesota Rules are as published by the Office of the Revisor of Statutes: <https://www.revisor.mn.gov/rules/>

If there is a difference between the Minnesota Rules included herein and the official rules published by the Office of the Revisor of Statutes, the official rules published by the Office of the Revisor of Statutes take precedence.

The official rules published by the Office of the Revisor of Statutes must be used for any notice or legal documentation used in conjunction with the application or enforcement of the *Minnesota State Building Code*.

Neither the state of Minnesota nor its employees or agents make any representations or warranties, express or implied, with respect to the use or reliance on the information provided herein and the user assumes all risks and responsibilities associated with its use.

In no event shall the state of Minnesota or its employees be liable for any direct, indirect, incidental, special, exemplary, or consequential damages arising in any way out of the use of this material.
