## About the Author

Stephen A. Van Note is managing director of product development for the International Code Council (ICC), where he is responsible for developing technical resource materials in support of the International Codes. He also manages the review and technical editing of staff-written publications as well as those written by external authors. In addition, Van Note develops and presents *International Residential Code* seminars nationally. Prior to joining ICC in 2006, Van Note was a building official for Linn County, Iowa. He has 15 years of experience in code administration and enforcement, and more than 20 years of experience in the construction field, including project planning and management for residential, commercial, and industrial buildings. A certified building official and plans examiner, Van Note also holds certifications in several inspection categories.
